

“No Handbill” Process

Thank you for being so interested in preventing litter. The Litter Control Ordinance adopted by Gwinnett County prohibits the distribution of handbills on property where a “No Handbill” sticker is present. Follow the steps outlined below to reduce unsolicited handbills.

1. Affix the sticker to the outside of the mail receptacle on the bottom right corner of the mailbox door.
2. Please complete the form below if handbills continue to be distributed. The form can be mailed to us along with the actual handbill to the address below or the form and handbill can be scanned and emailed to the email address below:
